ROYAL CARIBBEAN TO INVEST \$900 MILLION IN MODERNIZING AWARD-WINNING SHIPS
Royal Amplified will Dramatically Redefine the Future of Adventure

MIAMI, March 14, 2018 – [Royal Caribbean International](#) is amping up vacation adventures by reimagining its fleet with a \$900 million investment. The Royal Amplified program spans 10 ships in four years, and touches every facet of the guest experience on a lineup of the world’s most highly regarded and award-winning ships, including *Oasis* and *Allure of the Seas*, as well as all Freedom and Voyager Class ships. The program is set to introduce a wide range of innovative features and bold new experiences that will further build on Royal Caribbean’s best-in-class global vacation offering.

In developing Royal Amplified, the global cruise line analyzed multiple years of guest satisfaction ratings, venue utilization data and crew interviews to focus the major investment on key features and experiences that matter most to travelers. Full details on each ship’s new amenities will be revealed on a continuous basis in the next three years.

“Royal Amplified is built on our passion for innovation, relentless attention to detail and commitment to always exceeding our guests’ expectations,” said Michael Bayley, President and CEO, Royal Caribbean International. “We sail with more than five million guests worldwide each year, and recognize the need to always innovate and stay ahead of the curve. We have designed this program to wow our loyal guests while also attracting the next generation of adventurers.”

Iconic Pools and Attractions

With Royal Amplified, outside decks will be reimagined for thrill seekers to discover everything they want under the sun and beneath the stars. From pools specifically designed for family fun and relaxing spa-like environments, to lively activities day and night, more specialized pool spaces will cater to diverse preferences. Upper decks will be amped up and evolved with exciting new attractions and first-of-its-kind thrills such as Sky Pad, a virtual reality, bungee trampoline experience along with waterslides, and waterparks.

Elevated Dining and Nightlife

Guests crave cornerstone cuisines, like Italian, seafood and Mexican, and Royal Caribbean will deliver on that with the introduction of more experiential dining concepts. Travelers also will see more of the cruise line's recently unveiled experiences, including **Hooked Seafood**, Royal Caribbean's New England-style restaurant; **Playmakers Sports Bar & Arcade**, and family-friendly **El Loco Fresh** with popular Mexican fare. Additional casual, grab-and-go eateries to keep guests fueled between their adventures will also make their debut.

What's more, adventurers will have the opportunity to drink, clink and live it up in distinct new bars and nightlife spots that deliver on the three tenets of a great night out: unique drinks, delicious food and live entertainment. This makes for more multidimensional nightlife venues offering food, live music and craft cocktails, like **The Bamboo Room**, and a signature outdoor Caribbean Bar. Other new concepts include a world-class music hall, a go-to spot for karaoke, and a lounge-style nightclub that will take the nightlife to a whole new level.

Redefined Short Caribbean Getaways

Royal Caribbean believes that vacations should provide maximum levels of adventure no matter how long or short. With quick getaways becoming increasingly popular and necessary for today's traveler, the cruise line will ensure that its **3- and 4-night cruises** are just as exceptional as longer escapes. With the Royal Amplified focus on innovative attractions, iconic pools, distinct bars and dining, guests can enjoy an ample variety of options and features that will allow them to escape from their routine and redefine their weekends.

Royal Caribbean is not only amping up the adventure on its ships with the Royal Amplified program. The cruise line is also set to raise the bar in vacation adventures on land with the introduction of its Perfect Day Island Collection of unrivaled private island destinations around the world. The first in the collection, [Perfect Day at CocoCay](#), Bahamas, scheduled for completion in fall 2019, will offer the ultimate in thrill and chill with a number of distinct experiences and iconic features giving guests first-time experiences that will top any bucket list. Four Royal Caribbean ships in the Royal Amplified program, departing from New York, Maryland and Florida, will call at Perfect Day at CocoCay, Bahamas, providing guests with a vacation like no other in the Caribbean.
