

ROYAL CARIBBEAN MARKS CONSTRUCTION MILESTONE FOR SECOND QUANTUM ULTRA CLASS SHIP
World's Most Innovative Cruise Line Celebrates Steel Cutting of *Odyssey of the Seas*

MIAMI, Feb. 1, 2019 – [Royal Caribbean International](#) marked an important milestone today as the first piece of steel was cut for its second Quantum Ultra Class ship at the Meyer Werft shipyard in Papenburg, Germany. The 27th ship in the global cruise line's fleet is set to be named *Odyssey of the Seas*.

Set to debut in fall 2020, *Odyssey of the Seas* will sail from the United States. Additional details on *Odyssey* will be revealed later this year.

About Royal Caribbean International

[Royal Caribbean International](#) is the world's largest global cruise line, delivering innovation at sea for more than 50 years. Each successive class of ships is an architectural marvel featuring the latest technology and guest experiences for today's adventurous traveler. The cruise line continues to revolutionize vacations with itineraries to the more than 260 destinations in 72 countries on six continents, including Royal Caribbean's highly anticipated Perfect Day Island Collection including the first private island in The Bahamas, Perfect Day at CocoCay.
